

**eSentio Technologies Appoints Todd Parkin as Associate Director of Document Management Systems**

*Legal industry veteran brings expertise in strategic technology consulting and digital transformation initiatives*

**WASHINGTON, DC, May 28, 2025** – eSentio Technologies, a leading provider of strategic technology consulting services to the world's largest law firms, today announced the appointment of Todd Parkin as Associate Director of Document Management Systems. Todd will be joining Mike Georgopoulos' team, bringing extensive expertise in large scale technology initiatives and complex project delivery.

With over 20 years of experience in strategic technology consulting and project management, Todd has established himself as a leader in delivering complex, transformative projects for large-scale organizations. He brings extensive experience from his 14-year tenure at Kraft Kennedy, where he progressed through multiple senior roles, culminating as Director of Pre-Sales Engineering. During his time there, he spearheaded the development of new product and service offerings, including cloud migration and data center infrastructure optimization. Since 2018, Todd has continued his consulting work, leading strategic technology initiatives for clients and ensuring alignment with business goals.

"I'm excited to join eSentio and contribute to their reputation as the strategic partner of choice for large law firms. I'm very familiar with the unique challenges faced by global firms when implementing enterprise-scale solutions and I look forward to helping our clients navigate their technology transformation journeys while ensuring seamless execution and exceptional business outcomes," said Parkin.

In his new role, Todd will lead strategic consulting initiatives including NetDocuments implementation and complex technology transformations. His expertise in managing multi-million-dollar projects and driving organizational change will be instrumental in helping law firms successfully adopt and optimize their document management and network information systems. Todd's proven track record in stakeholder engagement and his ability to balance technical challenges with business objectives will strengthen eSentio's capabilities in delivering comprehensive technology solutions.

"We are thrilled to welcome Todd to our Document Management and Network Information Services Practice," said Mike Georgopoulos, Director DMS and Network Information Services at eSentio Technologies. "His extensive experience in strategic consulting and proven history of delivering large scale transformation projects will be invaluable as we continue to expand our service offerings and deliver exceptional value to our clients. Todd's expertise in change management and his ability to exceed client expectations align perfectly with our commitment to being trusted advisors for large, global law firms."

This appointment underscores eSentio's dedication to enhancing its leadership team with top-tier talent, reinforcing its position as a trusted advisor for the world's largest and most technically advanced law firms.
